Good Morning Dante,

We look forward to our meeting on the 29th of June. In regards to the address, we use the post office box 220 for our contact information.

Thank you for the updates.

Cynthia Ocegueda

Walker River Paiute Tribe

972-890-7302 or tribe's number is 775-773-2306 Ext. 312

Hi Cynthia,

This is to confirm that we will meet the morning of Monday, June 29th, at your office. The purpose of this meeting will be to bring you up to speed on the plans for an environmental investigation of the Wabuska Drain as part of the overall investigation of the Anaconda Mine Superfund Site in Yerington. In addition, I will try to answer any other questions you may have about the Site overall.

I can be available anytime that morning and meet for as long as you wish. In our telephone discussion last week, I believe we proposed a start time of 9:30a, but that is flexible. Let me know if you need to move that time. Also, let me have the address of your office – at this time I only have a post office box address for you.

Thank you for your involvement, and I look forward to meeting with you and your team!

Dante Rodriguez

Remedial Project Manager

U.S. EPA Region 9

75 Hawthorne Street, SFD-8-2

Importance: High

Good Morning Dante,

It was a pleasure speaking to you on Friday June 05, 2015, sharing the plans for the Anaconda Mine Superfund site.

I have a request this morning. Can you via email confirm our proposed meeting of the June 29th meeting so I have that documented and for my records?!

I will proceed on with preparations to share this with our staff who may be interested. In addition, I have informed the Chairman, Vice Chairman and Tribal Council members.

I look forward to our meeting at the end of this month which is going by quickly.

Best,

Cynthia O.

Hi Cynthia,

My name is Dante Rodriguez and I am one of the U.S. EPA project managers for the Anaconda Yerington Mine Superfund Site. I was given your name by my teammate Dave Seter. I wanted to connect with you and provide you with information regarding a new investigation that we are opening up, the Wabuska Drain investigation. I would like to keep you informed on an ongoing basis.

Give me a call when you have a chance, and I can start bringing you up to speed on the Wabuska Drain investigation. In addition, I will be up at Walker River at the end of June and would like to take the opportunity to meet you in person and spent time further discussing site activities. Thank you for your involvement, and I look forward to meeting you.

Dante Rodriguez
